AGENDA ITEM 5

TO: MEMBERS OF THE PERFORMANCE AND COMPENSATION COMMITTEE

- I. SUBJECT:** 2006-2007 Performance Plans for the Senior Portfolio Managers and Portfolio Managers (Second Reading)
- II. PROGRAM:** Administration
- III. RECOMMENDATION:** Approve the 2006-2007 Performance Plans for the Senior Portfolio Managers and Portfolio Managers
- IV. ANALYSIS:**

The Board of Administration's Compensation Policies and Procedures include a schedule for approving incentive plans for the coming fiscal year. The performance measures which comprise the plans are either quantitative (performance against specified quantifiable standards) or qualitative (related to the level of achievement on non-quantifiable key objectives).

The 2006-2007 performance plans for the Senior Portfolio Managers and Portfolio Managers are presented with this item for second reading and approval. Revisions were made following the first reading in June, to more clearly define the dimensions of leadership under the qualitative measures.

The policies provide for a review by the Board's investment consultant of all proposed quantitative performance measures in the plans of the investment management positions. The plans have been reviewed and the comments from Wilshire Associates which appear in the previous agenda item (4), apply to the plans attached to this item as well.

V. STRATEGIC PLAN:

Under Goal II of the Strategic Plan, CalPERS is committed to sustaining a high performance work culture. Under Goal IV, the organization is dedicated to effectively utilizing its resources, including a diverse, creative, motivated, high performance workforce. This can be accomplished at the highest executive levels through the establishment of methods that provide broad flexibility in the recruitment, retention and compensation of key personnel.

VI. RESULTS/COSTS:

The establishment of performance plans is critical to the management of a competitive compensation program for executives at the highest levels of the organization. This, in turn, is critical to the success of the organization. The cost of performance awards that might arise from the recommendations in this item will be funded from existing resources.
